

Which Chick Are You? Take the Quiz!

Take the quiz to find out where you fit into the Chicken Squad!

You have a new mystery to solve!

What's the first thing you do?

- A. Start asking questions to find out as much as you can.
- B. Make a sketch of the suspect so you'll know who to look for.
- C. Make sure your stuff's safe—who knows what could happen with a criminal on the loose!
- D. Grab a snack. What?! You're hungry!

What's your best subject in school?

- A. Language Arts
- B. Math! No, art! Okay, really, all of them.
- C. Social Studies
- D. Recess

You're never seen without:

- A. Your notebook and trusty pencil.
- B. A giant box of crayons—64 colors or more!
- C. The box you keep all your favorite things in.
- D. Your friends.

When you hang out with friends, you're usually the one who:

- A. Decides what the whole group's going to do.
- B. Figures out the details, all while telling jokes to keep everyone laughing.
- C. Keeps an eye on everybody to make sure they're okay.
- D. Goes along for the ride.

What's your weakness?

- A. You're not very patient.
- B. Sometimes your sense of humor hurts people's feelings.
- C. Weakness? Chicks don't have weaknesses!
- D. You're a total klutz.

ANSWERED MOSTLY A: You're Sugar! You're tough, you're clever, and nothing scares you. Maybe that's why you take the lead on every case. Where would the Chicken Squad be without you?

ANSWERED MOSTLY C: You're Poppy! You know your family and friends are the best anyone could ask for, and you do your best to keep them safe. But that doesn't mean you're not up for an adventure! When Chicken Squad duty calls, you're right there to answer.

ANSWERED MOSTLY B: You're Dirt! Once you learn something, you never forget it, and the Chicken Squad relies on your encyclopedic knowledge to solve new mysteries. You're usually the first to arrive at the answer to a question.

ANSWERED MOSTLY D: You're Sweetie! You might be a little slow to get in on the action when there's a mystery to solve, but you never let the Chicken Squad down. Maybe that's why your friends love you so much.
